

STRENGTHENING FAMILIES & COMMUNITIES

2024

IMPACT REPORT

A message from our Chief Executive Officer

Dear Friends,

At the heart of M.I.K.I.D.'s success is our dedicated staff. Every day, they go above and beyond to advocate for children and families. Whether they provide direct services or support those who do, our staff make a difference. They use their knowledge, advocacy and own lived experience to help families navigate the behavioral health system of care, working relentlessly, to prevent families from being torn apart.

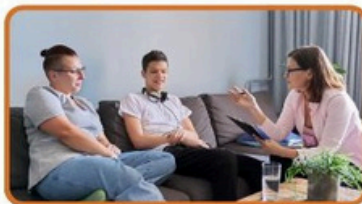

The outcomes generated are powerful, resulting in many family reunifications and/or successful transitions where alternative placements are required. These three key components summarize what our dedicated staff do every day to strengthen our communities:

Prevention

Helps strengthen families through interventions including family support, counseling and youth programs.

Navigation

Assists families with navigating available resources in the behavioral health and child/adult serving systems. Interventions are provided by individuals with lived experience.

Reunification

Provides reunification through the Parent Support Now program. In addition, staff offer the necessary supports to families facing alternative dispositions.

Please join with me in celebrating the positive impact M.I.K.I.D. has in supporting families and thereby strengthening communities. M.I.K.I.D. is more relevant than ever and delivers outstanding value to all the communities we serve. Congratulations M.I.K.I.D. family!

Thank you,

Jeffrey Kazmierczak, RN, MSN, MBA
